

3.College Admission Predictor

Pros

- Reach to geographically scattered student: One of the important objectives of the admission system is communicate with all the students scattered geographically.
- Reducing time in activities: Reduce the time taken process the applications of students, admitting a student, conducting the online examination, verify student marks, and send call letters to selected students.
- Centralized data handling: Transfer the data smoothly to all the departments involved and handle the data centralized way.
- Paperless admission with reduced man power: Reduce the manpower needed to perform all the admission and administration task by reducing the paper works
- Cost cutting. Reduce the cost involved in the admission process.

Cons

- Require much man power i.e. much efforts, much cost and hard to operate and maintain.
- Since, all the work is done in papers so it is very hard to locate a particular student record when it is required.
